I understand that the students can only use colored papers (without any printing) to create the poster. Then, could they decorate papers with glitter glue? Beads? colored sands? Colored wires? etc. We live in a beautiful and colorful world. I think if we limit the materials too much, we limit our students' imagination and creativity.

謝謝您寶貴的意見，經我們開會討論後，壁報競賽組的決定如下：

1. 美工用具不拘，但是所有在比賽中使用的美工用具，  
例: glitter glue, beads, colored sands, colored wires, ... 等，  
不能事先加工過，均需當場製作，方能使用。
2. 用紙、色紙的顏色不限，但紙張上不能有任何標誌、圖案或字符。
